Independent Auditors' Report

HONORABLE O. L. "SONNY" STONE
DESOLO PARISH CLERK OF COURT
Mandeville, Louisiana

We have audited the general purpose financial statements of the Desoto Parish Clerk of Court, a component unit of the Desoto Parish Police Jury, as of June 30, 2004, and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of the Desoto Parish Clerk of Court's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Desoto Parish Clerk of Court as of June 30, 2004, and the results of its operations for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental information schedules listed in the table of contents are presented for the purpose of additional analysis and are not a required part of the general purpose financial statements of the Desoto Parish Clerk of Court. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

IBSOTO PARISH CLERK OF COURT

Metairie, Louisiana

Independent Auditors' Report,

June 30, 2001

In accordance with Government Auditing Standards, we have also issued a report dated September 21, 2001 on the Ibido Parish Clerk of Court's compliance with laws, regulations, and contracts, and our consideration of the agency's internal control over financial reporting. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

DESOUD PARISH CLERK OF COURT
Blanchard, Louisiana

Notes to the Financial Statements
As of and For the Year Ended June 30, 2011

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

As provided by Article V, Section 28 of the Louisiana Constitution of 1974, the clerk of court serves as the ex-officio notary public, the recorder of conveyances, mortgages and other acts, and shall have other duties and powers provided by law. The clerk of court is elected for a term of four years.

A. REPORTING ENTITY

As the governing authority of the parish, for reporting purposes, the Desoto Parish Police Jury is the financial reporting entity for Desoto Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which primary government is financially accountable, and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board (GASB) Statement No. 14 established criteria for determining which component units should be considered part of the Desoto Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial responsibility. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

1. Appointing a voting majority of an organization's governing body, and:
 - a. The ability of the police jury to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
2. Organizations for which the police jury does not appoint a voting majority but are financially dependent on the police jury.

IBISO TO PARISH CLERK OF COURT
Mandeville, Louisiana
Notes to the Financial Statements (Continued)

3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the police jury maintains and operates the building in which the clerk of court's office is located and provides partial funding for equipment, furniture and supplies of the clerk of court's office, the clerk of court was determined to be a component unit of the Iberville Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the clerk of court and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

B. FUND ACCOUNTING

The clerk of court uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities (general fund assets and general long-term obligations) that are not reported in the "funds" because they do not directly affect net expendable available financial resources. They are concerned only with the measurement of financial position, not with the measurement of results of operations.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types". Governmental funds are used to account for a government's general activities, where the focus of attention is on the providing of services to the public as opposed to proprietary funds where the focus of attention is on recovering the cost of providing services to the public or other agencies through service charges or user fees. Fiduciary funds are used to account for assets held for others. The clerk of court's current operations require the use of only governmental and fiduciary funds. The governmental and fiduciary fund types used by the clerk are described as follows:

DESOUDS PARISH CLERK OF COURT
Manfield, Louisiana
Notes to the Financial Statements (Continued)

Governmental Fund Type - General Fund

The General Fund, as provided by Louisiana Revised Statute 18:181, is the principal fund of the clerk of court and is used to account for the operations of the clerk's office. The various fees and charges due to the clerk's office are accounted for in this fund. General operating expenditures are paid from this fund.

Fiduciary Funds - Agency Funds

The Advance Deposit, Registry of Court, and Non-Support agency funds are used to account for assets held as an agent for others. Agency funds are controlled in nature (assets equal liabilities) and do not involve measurement of results of operations.

C. FIXED ASSETS AND LONG-TERM OBLIGATIONS

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the General Fund. General fixed assets provided by the parish police jury are recorded in the general fixed assets account group. Approximately 34 per cent of fixed assets are valued at estimated historical costs based on the actual costs of like items while the remaining 76 per cent are based on actual historical costs. No depreciation has been provided on general fixed assets. The clerk has no long-term obligations at June 30, 2001.

D. BASIS OF ACCOUNTING

The financial reporting treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements for these funds present revenues (i.e., resources and other financing sources) and expenses (i.e., expenditures and other financing uses) in net current assets.

The modified accrual basis of accounting is used for reporting all governmental and fiduciary fund types. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and

INSON'S PARISH CLERK OF COURT
Manfield, Louisiana
Notes to the Financial Statements (Continued)

"available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The clerk of court uses the following practices in recognizing and reporting revenues and expenditures:

Revenues

Recordings, cancellations, court attendance, criminal costs, and other fees, charges and commissions for services, are recorded in the year in which they are earned.

Interest income on time deposits is recorded when the time deposits have matured and the income is available.

Substantially all other revenues are recognized when received by the clerk of court.

Based on the above criteria, recordings, cancellations, court attendance, criminal costs, and other fees, charges, and commissions for services are treated as susceptible to accrual.

Expenditures

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

II. BUDGET PRACTICES

A proposed budget, prepared on the modified accrual basis of accounting, is published in the official journal at least ten days prior to the public hearing. A public hearing is held at the clerk's office during the month of June for comments from taxpayers. The budget is then legally adopted by the clerk and amended during the year as necessary. The budget is established and controlled by the clerk at the object level of expenditure. Appropriations lapse at year-end and must be reappropriated for the following year to be expended. Encumbrance accounting is not utilized in the accounting records.

Formal budgetary integration is employed as a management control device during the year. Budgeted amounts included in the accompanying financial statements include the original adopted budget amounts and all subsequent amendments.

MISSISSIPPI PARISH CLERK OF COURT
Mandeville, Louisiana
Notes to the Financial Statements (Continued)

F. CASH AND CASH EQUIVALENTS

Under state law, the clerk may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the union, or the laws of the United States. The clerk may invest in demand deposits, interest-bearing demand deposits, money market accounts, or time deposits with state banks organized under Louisiana law and national banks having principal offices in Louisiana. At June 30, 2004, the clerk of court has cash and cash equivalents (book balances) totaling \$696,513, as follows:

Demand Deposits	\$252,406
Petty Cash	125
Time Deposits	<u>\$443,982</u>
Total	<u>\$696,513</u>

These deposits are stated at cost, which approximates market. Under state law, these deposits, or the resulting bank balances, must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. All deposits are fully secured by federal deposit insurance at June 30, 2004.

G. VACATION AND SICK LEAVE

After six months of service, all employees of the clerk of court's office earn from 5 to 15 days of vacation leave each year, depending on length of service. Vacation leave cannot be accumulated and carried forward to succeeding years. Employees earn 10 days of sick leave each year. Sick leave may be carried forward up to a maximum of 30 days and it is noncompensatory.

H. RISK MANAGEMENT

The clerk of court is exposed to various risk of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and injuries to employees. To handle such risk of loss, the clerk maintains commercial insurance policies covering automobile liability, medical payments, uninsured motorist, and collision; workers compensation; and surety bond coverage. No claims were paid on any of the policies during the past three years which exceeded the policies' coverage amounts. In addition to the above policies, the clerk also maintains an errors and omissions claims paid policy with the Louisiana Clerks of Court Risk Management Agency. No claims have been filed on the policy during the past three years nor is the clerk aware of any unfilled claims.

Notes to the Financial Statements (Continued)

1. TOTAL COLUMN ON THE BALANCE SHEET

The total column on the balance sheet is captioned Memorandum Only (reviewed) to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

2. RECEIVABLES

The General Fund receivables of \$12,310 as of June 30, 2001, consist entirely of court costs, fees, and charges.

3. CHANGES IN GENERAL FIXED ASSETS

A summary of changes in office furnishings and equipment follows:

Balance, July 1, 2000	\$304,406
Additions	4,000
Deletions	<u>(7,796)</u>
Balance, June 30, 2001	<u>\$300,610</u>

4. PENSION PLAN

Substantially all employees of the Iberville Parish Clerk of Court are members of the Louisiana Clerks of Court Retirement and Relief Fund (System), a cost-sharing, multiple-employer defined benefit pension plan administered by a separate board of trustees.

All regular employees who are under the age of 60 at the time of original employment are required to participate in the System. Employees who retire at or after age 55 with at least 12 years of credited service are entitled to a retirement benefit, payable monthly for life, equal to 3 percent of their final-average salary for each year of credited service, not to exceed 100 percent of their final-average salary. Final-average salary is the employee's average salary over the 36 consecutive or joined months that produce the highest average. Employees who terminate with at least 12 years of service and do not withdraw their employee contributions may retire at or after age 55 and receive the benefits accrued to their date of termination. Employees who terminate with at least 20 years of credited service are also eligible to elect early benefits between ages 50 and 55 with reduced benefits equal to the actuarial

Notes to the Financial Statements (Continued)

equivalent of the benefit to which they would otherwise be entitled at age 55. The System also provides death and disability benefits. Benefits are established or amended by state statute.

The System issues an annual publicly available financial report that includes financial statements and required supplementary information for the System. That report may be obtained by writing to the Louisiana Clerk of Court Retirement and Relief Fund, 11745 Brickstone Avenue, Suite 111, Baton Rouge, Louisiana 70806, or by calling (504) 289-1162.

Plan members are required by state statute to contribute 8.25 percent of their annual covered salary and the DeLato Parish Clerk of Court is required to contribute at an actuarially determined rate. The current rate is 10 percent of annual covered payroll. Contributions to the System also include one-fourth of one percent (one-half of one percent for Orleans Parish) of the taxes shown to be collectible by the tax rolls of each parish. The contribution requirements of plan members and the DeLato Parish Clerk of Court are established and may be amended by state statute. As provided by Louisiana Revised Statute 11:105, the employer contributions are determined by actuarial valuation and are subject to change each year based on the results of the valuation for the prior fiscal year. The DeLato Parish Clerk of Court's contributions to the System for the years ending June 30, 2001, 2000, and 1999, were \$32,153, \$30,663, and \$28,695 respectively, equal to the required contributions for each year.

8. CHANGES IN AGENCY FUND BALANCES

A summary of changes in agency fund balances due others follows:

	Advance Deposit Fund	Non Support Fund	Registry of Court Fund	Total
Balance, July 1, 2000	\$816,893	8832	\$304,396	\$449,121

DEBATE PARISH CLERK OF COURT
Bossier Parish, Louisiana

We have audited the general purpose financial statements of the Debate Parish Clerk of Court, a component unit of the Debate Parish Police Jury, as of and for the year ended June 30, 2001 and have issued our report thereon dated September 21, 2001. We conducted our audit in accordance with U. S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Debate Parish Clerk of Court's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial amounts. However, providing an opinion on compliance with these provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Debate Parish Clerk of Court's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
